

### Maro Service Netherlands B.V

Is an allround Industrial and Maritime services provider, also specializing in secondment of staff. We have been active since 1996 and are based in Barendrecht , Rotterdam and Kaunas in Lithuania

With a staff of more than 140 people, Maro Service realises an annual turnover of more than 6 million euro.

We distinguish ourselves in the market by our multidisciplinary approach to technical service provision, in contrast to many of our competitors, who only focus on a single discipline. At Maro Service we can offer several integral solutions covering various disciplines through a single point of contact.

Clients benefit because they can contract out multiple activities to a single agency. Our strategy also enables us to maintain short lines of communication, low costs, and a quick

response time because we can directly forward your query to the relevant division.

Within our organization we care greatly about service, quality and safe working conditions. All of our staff have professional training, ample experience in their working area, and the required qualifications.

As a result, most of our clients have been working with us for many years, making Maro Service a reliable partner for making things work.

We have a fully equipped workshop available for all our services with hoisting facilities, welding equipment, lathes and milling machines, grit blasters, test and boiler facilities (including vacuum) and laboratory equipment. In addition, we can provide mobile workshop containers that can be brought to the client's location. With our company trucks, we can also provide the necessary transport.

Providing or renewal off valves. If example after inspections we come to the conclusion that we cannot repair or overhaul valves because off serious damage or the bad state they are in. We will advise and assist our clients by making a decision which valves they want and need. We can provide almost all kind off valves in short time spam because off our experience.

Maro Service Maritime also offers a 24-hour service that can help you out night or day.

## Maro Service Detachering & Europe B.V

These divisions are the organizational service providers for the entire labour market. These are the best places to dispatching and seconding staff for short and longer periods.

Whether you need a production worker or management secretary, we get on the job right away!

Our objective is to distinguish ourselves from other players in this market by providing a superior service and by striving for a higher quality of our staff, whereas others often disregard the issue of quality.

We want to be the partner that you have been looking for, who exactly understands your needs. To realise this, we will want to visit your site after our initial contact, to familiarise ourselves with your organization and working methods.

Then we start searching for a good match, and enquire with the candidate we have found if he/she would be interested, because we believe that the best results are achieved if both parties are enthusiastic. This is where our strength lies, which helped us distinguish ourselves over the past years, especially in terms of service and quality.

First of all, we have a large pool of workers with permanent employment ( > 120 people), many of whom have been with us for years. This enables us to handle your request more quickly, and we know beforehand that the selected staff is reliable and motivated. In contrast to many of our competitors, we do not need to call around and send out the first person available.

Our permanent staff would offer a perfect solution if you need to fill a vacancy urgently or for a shorter period.

If you are looking for staff for a longer period, or for an employee on a permanent basis, we can spend more time for selecting and recruiting qualified staff, exactly tailored to your request and/or vacancy that you entrusted us with. On your request, we will assist them in-house to follow training programmes.

This method gives us more opportunities to find the right person for the job, and both you and our staff know exactly what the other party is expecting. In the end, all the pieces of the puzzle should fit exactly, allowing us to build on a fruitful collaboration, as we have proven in the past with our existing relations.

Maro Service Detachering BV is a member of the industrial organization NBBU and we have a VCU certification, giving you the guarantee that we and our staff work and are paid in accordance with these conditions.

If your are interested and wish to know more about our companies, please call the phone number below, one of our employees will be happy to help you.

You may contact us directly at all times , at tel.nr : **+31(0)180415044**
